Professional Summary

AI Specialist & Systems Engineer with 6+ years of remote experience building **automation workflows, agentic AI systems, and scalable infrastructure**. Skilled in Claude Code, Playwright MCP, Zapier, Make, and Python scripting. Proven ability to integrate APIs, design secure environments, and deploy SEO-optimized WordPress sites at scale. Known for blending technical depth with creative execution — delivering results across AI development, digital marketing, and client-facing innovation.

Core Skills & Competencies

- Claude Code / AI Development
- Python Scripting & Automation
- Workflow Orchestration (n8n, Zapier, Make)
- API Integration (REST, Webhooks, OAuth)
- Systems Architecture & SSH Hardening
- WordPress Development & SEO Automation
- Front-end & Back-end Integration
- Digital Marketing & Lead Generation
- Klaviyo MCP Integration & KPI Reporting
- Landing Page Design & Shopify Liquid Migration
- SOP Documentation & AI-Assisted Workflow Design
- Video Editing & AI-Powered Voiceovers
- Project Management & Client Collaboration
- CRM Management & Admin Support
- AI Tools: ChatGPT, Gemini, ElevenLabs, Playwright MCP
- Strong Time Management & Remote Reliability
- Enterprise-Grade Home Office Setup

Professional Experience

AI Automation Specialist

High Performance Mail | Remote | April 2026 – Present

- Connected Claude AI to Klaviyo via MCP server, enabling live querying of campaign and flow KPI data (open rates, click rates, revenue attribution) directly through Claude Code.
- Built structured KPI reporting workflows using Make.com pipelines that automatically pull Klaviyo campaign and flow data, analyze it with Claude, and post formatted reports to Slack on a scheduled basis.
- Designed and developed high-converting landing pages using HTML and CSS, then migrated them to Shopify stores by converting code to Liquid templates and integrating assets into the theme.
- Created detailed Standard Operating Procedure (SOP) documents for e-commerce teams, covering end-to-end AI-assisted email marketing workflows from setup to automated reporting.
- Leveraged Claude Code as a primary development tool to accelerate build cycles across landing page creation, API integrations, and automation scripting.

Vibe Coder | AI-Assisted Developer

Elden Dev | Remote | October 2025 – March 2026

- Actively involved in **Vibe Coding**, leveraging AI tools to rapidly prototype, build, and refine software features based on real-time requirements and creative flow.
- Utilized **ChatGPT and AI-assisted coding tools** to generate, debug, and optimize frontend and backend code, improving development speed and efficiency.
- Collaborated with the Elden Dev team to translate ideas, prompts, and functional requirements into working applications and features.
- Assisted in building and improving internal tools, dashboards, and automation workflows through iterative, prompt-driven development.
- Applied problem-solving and logical thinking to review AI-generated code, ensure functionality, and maintain clean, readable implementations.
- Adapted quickly to changing project needs, demonstrating flexibility and strong communication in a remote, AI-driven development environment.

Virtual Assistant | Content Creator

Kiwi Medical Surplus / Timmy / Zenworx Ai | Remote | July 2025 – September 2025

- Produced engaging content and graphics using AI platforms (ChatGPT, InVideo, VEO Flow, ElevenLabs) and manual tools such as Canva and CapCut.
- Developed scripts, concepts, and marketing copy with ChatGPT to streamline content ideation and improve campaign quality.
- Generated AI-powered voiceovers via ElevenLabs, enhancing video storytelling and reducing production turnaround time.
- Edited and optimized videos for YouTube and Instagram (Elevate with AI account), driving audience engagement and consistency in branding.
- Collaborated on creative strategy, integrating AI-driven workflows to improve efficiency and content output.

Virtual Assistant | Video Editor | Digital Marketer

Doctor Maureen Gibbons | Remote | June 2024 – Nov 2024

- Developed lead-generation funnels, optimizing conversion rates.
- Edited and designed promotional content for social media.
- Managed multi-platform digital marketing strategies to enhance brand engagement.
- Increased social media following through data-driven content marketing.

Virtual Assistant | Video Editor

Doctor Linah Joudeh | Remote | Apr 2023 – Jan 2024

- Designed and edited graphic content for brand promotions.
- Created short-form videos for Instagram marketing campaigns.
- Organized and archived digital assets for streamlined access.
- Increased social media engagement by implementing engaging video content.

Virtual Assistant | Video Editor | Executive Assistant

Wasambe | Remote | Aug 2023 – Nov 2023

- Designed PowerPoint presentations for corporate clients.
- Edited event videos to create engaging highlights.
- Researched and curated high-quality visual assets for presentations.
- Enhanced video production efficiency, reducing turnaround time by 30%.

Owner / Manager | [Bianca's Grill and Restaurant] Surigao City, Philippines | 2022 – 2023]

- Managed day-to-day restaurant operations, including staff scheduling, inventory, and supplier coordination.
- Handled customer service, ensuring high-quality dining experiences and building customer loyalty.
- Oversaw financial management: budgeting, expense tracking, and sales monitoring.
- Implemented marketing strategies (social media promotions, local advertising) that boosted customer traffic and sales.
- Trained and supervised staff to maintain service standards and operational efficiency.

Video Editor | Virtual Assistant | Executive Assistant

Prestigious Courses / Repurpose Pain | Remote | Mar 2021 – 2022

- Edited and organized raw footage into compelling visual narratives.
- Managed administrative and executive tasks, scheduling, and customer support.
- Project management using Trello
- Created and managed social media content to drive engagement.
- Optimized video editing workflows to improve project turnaround time.

Vector Illustrator

Zapheads | Remote | Nov 2019 – 2020

- Designed high-quality vector illustrations for various clients.
- Ensured proper file formatting for different applications.
- Delivered projects within tight deadlines while maintaining quality

Office Secretary

Surigao City Hall | Oct 2017 – Oct 2018

- Managed office communications and coordinated with multiple departments.
- Scheduled meetings, organized events, and handled official correspondence.
Improved office efficiency through effective document management.

Secondary Teacher

Northeastern Mindanao Colleges | May 2016 – Apr 2017

- Adapted teaching methods to diverse student needs.
- Developed lesson plans and assessments for different learning levels.
- Organized extracurricular activities to enhance student engagement.

Education

Bachelor's Degree in Technical Teacher Education (Major in Food & Beverage Services)

Surigao State College of Technology | 2015
